

BLACKFOOT M. D. COUNCILLORS IN REGULAR SESSION

A regular meeting of the council of the Municipal District of Blackfoot was held in the municipal office, commencing at 10:30, with Rev. Thorsen, Deputy-Reeve Unbrink and Councillors Belinger, Deschamps, Nelson and Wheatley present.

The minutes of the meeting in March were adopted and read on motion of Councillor Unbrink.

Messrs. Thorsen and Unbrink were appointed a committee to represent the municipality at the hearing of appeals from the decision of the Court of Revision of the 1932 triennial assessment. The accounts and pay-sheets as asked, by the finance committee were passed and ordered paid.

Con. Unbrink moved and carried the following: Whereas it is necessary to provide funds to meet the demands of the various school districts within this municipality, therefore it is resolved and it is hereby resolved that the secretary-treasurer of this municipality is hereby directed and authorized to levy the following rates against the assessable lands in the various school districts noted below:

Alton 5 mills; Cranleigh 5 mills; Crawford 3 mills; Carr Nor 7 mills; Elwood 3 mills; Hammer Hill 5 mills; Jones 7 mills; Long Beach 3 mills; Fleetstreet 7 mills; Rolly Land 6 mills; Shamrock 1 mill; Powers 7 mills; Westfield 5 mills; Yale 5 mills; Living Spring 1 mill; South Valley 5 mills.

It was decided to make application to the bank for a \$5,000 line of credit for school purposes and Messrs. Thorsen, Unbrink and Thompson were appointed a committee to interview the bank representatives in connection with the proposed loan for school purposes.

A list of current estimated receipts and expenditures were prepared and after setting aside \$4,000 in reserve of municipal taxes to be worked off by roadwork and applied on said arrears it was found necessary to raise \$15,000 to keep the surplus within \$4,000 of the surplus at December 31st, 1932.

Therefore he resolved and it is hereby resolved that the secretary-treasurer of this municipality is and is hereby authorized and directed to levy and collect a rate of five mills on the dollar on the assessed value

LOCAL SYMPHONY ORCHESTRA PLAY TO LARGE CROWD

A much appreciated program was held in the Goldfields Hall on Friday night under the auspices of the Gleichen Symphony Orchestra. The entire affair was arranged to provide funds for the Gleichen school, in order to enable it to participate in the musical festival to be held at Strathmore during May. Selections of a most varied nature, popular and classical were rendered by the orchestra, complemented by a number of solo renditions.

Special numbers were as follows: Helen Kelly presented two Scotch no. 2's; a quartet, singing "Smile Thru" representing the public school; Capt. Dodgson, two basses; Mrs. J. A. Downie, two vocal selections; a drill entitled "Tin Soldiers" staged by the smaller school children.

The Goldfields Hall was filled to capacity with an appreciative audience.

OLD TIMERS PICNIC TO BE GREAT EVENT THIS YEAR

(By JOHN GLAMBECK) The annual Old Timers Picnic of April 19th contains a letter in Mr. Griesbach of Gleichen, concerning the holding of a picnic. Mr. Griesbach has written me a personal letter on the same subject. I don't know a lot about the U. F. A. picnic, but likely Mr. Griesbach refers to the Old Timers picnic south of the river near Cluny, last year. At that gathering it was decided to hold a yearly picnic at some suitable place along the river and a committee composed of Mrs. Beckner, John Glambeck and Wm. Mallot from Milo and Queenstown, Alden Smith from Stouffville, J. Maynard of Cluny and W. Brown of Gleichen, were elected to take charge of it. Being secretary pro tem I shall call this committee together at some central place, which will probably be Cluny, after seeing it over.

If any of the U. F. A. locals in the district want to attend, they are welcome and there will be lots of room. This gathering is to be held with little or no expense to anybody, the guests bring their own lunch and to save people the trouble of bringing coffee pots the coffee will be made right in the place and a collection of a few cents will be taken, same as last year, and perhaps for ice cream. I will state that there is \$2.50 on hand from last year's 10 cent collection.

While this picnic can be attended by anybody, special efforts should be made to get all the old timers out and renew their acquaintance with old friends. A ball game and a few races may be gotten up on the spot, if the crowd wishes to, but there will not be an attempt to hold a minor league or make race the chief attraction, as is the case with the yearly municipal picnic.

In view of the great interest now being taken by the farmers in the new C. C. F. movement it might be a good idea to have a speaker or two on the ground. If it is at all possible to have a load of lumber brought out from Cluny and a small dance plot laid down, it would add much attraction to the occasion. It is possible some farmer would buy this lumber for a turnary about the picnic. However, this is up to the committee. I am only throwing out a few suggestions.

The annual competition for destruction of agricultural pests is once more announced by the provincial game branch. These cover destruction of crows, magpies and gophers.

MR. AND MRS. THOMAS HONORED BY THEIR FRIENDS

On Friday evening last, Living Spring school was the scene of a very attractive turkey banquet and social evening given in honor of Mr. and Mrs. Thomas, residents of the district for the past number of years, and who are leaving shortly for Cornwall, England, where they will reside in future.

Covers were laid for forty guests, and in spite of the prevailing inclemency of the weather, nearly all were present. The tables were very prettily arranged, with flowers as the centre of interest, and the board was well filled with delicious food. At the close of the banquet the people of the community presented Mr. and Mrs. Thomas with a small memento, a clock and a photograph album in which all present had added remembrances. Dancing and cards brought to a close an altogether delightful evening. Mrs. Thomas was also the fortunate recipient of the lady's first prize in a contest held during the course of the evening, and received a pretty biscuit tin.

The invited guests were: Mr. and Mrs. Thomas and sons, Mr. and Mrs. Bennett, Mr. and Mrs. Oliver, Mr. Fred Bennett, Mr. and Mrs. Ethridge, Miss Helen Bennett, Mr. and Mrs. Leroy Hoeford, Mr. and Mrs. William Frowse, Miss A. Scheffner, Mr. and Mrs. Sidney Frowse, Mr. and Mrs. John Koeford, Mr. and Mrs. Robert Frowse, Mr. and Mrs. A. Renard, Mr. and Mrs. Nicholas and son Leroy, Messrs. Albert and Arthur Frowse, Mr. and Mrs. J. Corbett, Mr. and Mrs. W. Plante.

On two days last week the Indian received their lease payments, \$25.00 per head. This created quite a lot of excitement here for several days, and ran up some splendid business for the stores. Rials were made on the Calgary stock exchange and the boys claim there is now only one Indian left on the reserve who did not buy a car this year. This explains why the gas companies are putting in extra pumps all over town. We understand the pump stations are putting on extra men to supply the Indian gas demands, all of which helps the unemployment situation. Give an Indian a car with some gas in it and he is as happy as a clam at high water.

Const. Baits has been in Calgary most of the time for the past week. He was among the police called there to assist in curbing the ardent of the unemployed who vent on the rampage last week.

During the past year and a half many holders of school farm land sales contracts with the provincial department of lands have voluntarily relinquished their contracts, and have entered into lease arrangements covering a period of six years. These arrangements, made in anticipation of better conditions than at present exist, have proved and are likely to prove to the immediate future, to be generous for the lessees in view of the depressed state of affairs. In order to give some relief to the situation, the holders of these leases will be given an opportunity to obtain cultivation permits, paying to the department of lands a cash rental of \$100.00 an acre for all sections of the land they do not cultivate. They will also pay a permit fee of one dollar and a share of crop grown on the acre during 1933. The share of crop paid in any one case will not be greater than one-quarter of the crop, scaling down to one-seventh. People who own such arrangements with the department and comply with the terms of their permits, will have priority right for a renewal for 1934, and at the expiration of that season the settlers will have the first right to lease the land under the regulations of the department. These leases are for a term of six years, renewable for a further six years, so that under these arrangements, a man may have possession of the land for 14 years if he complies with the requirements.

HORTICULTURAL ASSO. MAKE PLANS FOR SEASON

A meeting of the Horticultural Association was held in the office of Messrs. MacCallum and Stenstrom. While there was not a large membership present, the meeting itself was quite enthusiastic.

Plans were made for the 1933 season and all members present pledged themselves to exhibit something on dates to be set later, one in July and one in September. No prize will be given this year and a membership fee of twenty-five cents was decided upon. By all members pledging themselves to make this effort, it is hoped that the Association would receive a special impetus of a definite start and will grow rapidly into a large organization.

The following officers were elected to the Gleichen Horticultural Association: Hon. Pres. J. C. Buckley, M. L. A. Pres. H. V. Vane. Vice-Pres. P. Kelly, Secretary, John Boyd, Treasurer, A. F. MacCallum.

The second meeting will be held in the very near future at which some definite plans will be presented and the executive committee appointed.

With regard to exhibits, made during this season, no common known vegetables will be included, but the same are to embrace flowers of all kinds, shrubs and special, such as berries, fruits and vegetables, ordinarily not known in this district.

SCOUT NEWS

The regular meeting of the Boy Scouts was held last Thursday evening in the C. R. Room of the Community Hall. There were 24 Scouts in attendance. The evening was spent in going over the Scouts Tenderfoot Test preparatory to the examinations which will take place next week. Another debate has been arranged for the younger scouts of the troop. The subject chosen will be "Resolved that tractors are better than horses." Scouts on the affirmative (tractor) are as follows: G. Schopf, A. Boggs, W. Murray, L. Thorsen, W. Schmidt and Frank Harrison. Negatives, F. Michael, W. Ritzgang, J. Gurnath, T. Seerens, H. Harrison, C. McLeod. These scouts will have three weeks in which to prepare their subjects.

ECHOES OF GLEICHEN TWENTY YEARS AGO

E. Griesbach states he has received the appointment of postmaster for the new town of "Griesbach" (Now called Carleton).

H. Dietz who recently bought Geo. Baker's farm near Queenstown, has moved his new granaries and other buildings on to the property. From a distance it looks like a new town—the town of Dietzville.

Mrs. A. E. Jones spent several days last week visiting her daughter, Emma and friends in Calgary.

It is estimated conservatively that there is fully 70 per cent of the grain in seed in the Gleichen district. On Tuesday evening at the home of Mr. J. J. Robinson, Mr. H. Atkins was invited in matrimony to Miss H. C. Anderson, of New York city by Rev. H. L. Duggan.

Tuesday, Returning Officer W. W. W. announced John Peter McArthur duly elected to represent the Gleichen constituency in the Legislature of Alberta by a Majority of 65 votes. In Gleichen 212 votes were cast four of which were spoiled.

The annual meeting of St. Andrew's W. A. took place last week the following were elected to office: President, Mr. J. J. Robinson, Mrs. A. E. Jones, secretary, Mrs. A. E. Jones, treasurer, Miss Stockton, delegates, Mr. J. C. Buckley and Mr. J. J. Jowett. The meeting was held in the Rectory. Afterwards six new members were received, presided over by Mrs. E. Cox Clark. The Cluny Lumber Co. has just opened yards in Cluny and is now ready for business.

Beatty of the C.P.R. As Monstrals Know Him

As printed from Montreal Daily Herald

Beatty is a young fellow who studied law, but by a twist of fate, became a railway head man. Though he couldn't make the first string on the Varsity gridiron squad he was no difficulty with the C.P.R. and has played regularly ever since. They say it was Shaugnessy coaching that turned the trick (lord S. not Shap).

He is probably the shyest man in Canada. The ladies admire him because he wears his hat over one eye and walks with a quizzical swagger. The fact that he is a lawyer and apparently intends to remain one for the second element of "is he not quite" to the public mind is in a state of flux.

Business men like him because he takes straight from the stern and has an uncanny talent for seeing to it that he is the most intricate problem.

The man in the street respects him because he presides the Gospel Of True Canadianism. The Prices of Wales is another citizen who thinks Beatty is "all right," and His Royal Highness is always ready to prove it by exhibiting at the launching of a new C. P. R. ship.

Ordinary people respect him highly, and are sorry his railway is having a hard time. As a youth he wanted to be a judge, but fate intervened and he sent him a job in the C. P. R. legal department. Young Beatty refused to regard this as his life's work, but ultimately had to decide in a hurry when the late Lord Shaugnessy sent for him and asked him to be a Vice-President.

Here is one version of what Beatty said "No!"

Tom Shaugnessy fixed the young attorney with a stern eye and exclaimed, "My God, Beatty! Do you want to be a mere lawyer all your life?" Young Beatty smiled and took the job.

Some people think Mr. Beatty is hard to reach and tales are told of citizens who wait for weeks for the call to conference. Nevertheless he is the calmest man in the country to talk to, provided you can crash the other office.

He is one of the few leading citizens who go in for Good Works in a big way without thought of publicity or praise. Not long ago he was the member of an exhortatory home where he had lost his job in the States, was destitute and needed the help of his friends. He telephoned to E. W. The Chairman and President of the C.P.R. came to the phone in person, discussed the case with the harassed minister, told her not to worry and instructed the C. P. R. official nearest to him to ship him back to his home, paying the fare out of his own pocket. These are the things which have won him a reputation for kindness and humanity.

He was born at Thorold, which Ontario people will tell you is situated in the Garden of Canada. He attended several schools in Toronto, and ultimately secured his way into, through and out of Toronto University and was called to the Ontario Bar. That was in 1907 and almost at once he went to the C. P. R. law department. He stayed there for thirteen years before becoming the chief counsel to the Board. In 1918 they made him President of the Lord Shaugnessy dropped one of his two portfolios. Six years later he added the title Chairman to his list of offices. Since then he has held both jobs and has been the subject of much speculation. On Wednesday he will appear before the Railway Commission to discuss the proposed new line to the westward bound. Whoever he goes he will bring his own counsel with him. When these were paid it had to be written that he had the Biggest Industrial Job in The World. The job today is probably just as big but infinitely more arduous. (Continued on another page)

When Buying Was An Experiment

"I'll try a pound of this," said your grandmother. "—if you are sure it's fresh."

That was sometime in the second hour of her morning's search for groceries. She went from one open barrel or open box to the next, along an unappetizing row of crackers, teas, cereals, dried fruits, lard and sugar—all in bulk. She shooed the flies away, looked at, touched and tasted each article suspiciously, and finally decided to buy or not to buy, as her judgement directed. She couldn't trust a servant to do it. It was a day's work in itself.

Today, in two minutes, you give the grocer your order. You know that everything you get will be fresh, pure, attractively and cleanly packed. Why? Because you asked for advertised brands.

Advertising has taken hours of hard labor out of every housewife's day, and lines of worry off her forehead. It has made the morning's marketing a matter of certainty instead of guesswork.

The Gleichen Flour Mill

Beau Ideal Flour is becoming more popular every day. Townspeople have been using it almost exclusively ever since the mill opened and it is now being used by nearly every farmer in the Gleichen district. It is also being used to a considerable extent by towns and districts within a radius of forty miles from this centre, and the circle is gradually growing.

This mill is now running twelve hours a day and good milling wheat is being accepted in exchange for mill products.

The price of flour, bran and shorts is invariably based on the price allowed for wheat at the mill.

Town & District

The two small children of Mr. and Mrs. S. Deane, who have been quite ill during the past week are getting along nicely.

A number of the members of the O. E. S., Gleichen lodge paid Acacia Chapter of Calgary a visit one evening last week. They report having been royally entertained. The following Gleichen members attended: Mrs. J. McArthur, Mrs. Bushman, Mrs. Ellis, Mrs. Duncan, Mrs. Black, Mrs. Beach, Miss Van Volkenburg, Mr. Palmer, Mrs. G. McLean, Mrs. Gilbert, Mrs. Taylor, Mrs. McIntyre, Mrs. G. W. Evans.

Sunday a change in the hour for the arrival of passenger trains in Gleichen took place. Trains are now here at the following hours: No. 1 westbound 8:25 p.m.; No. 2 westbound 4:40 a.m.; No. 2 eastbound 4:31 a.m.; No. 4 eastbound 7:05 p.m.

Mrs. J. McArthur entertained a few friends Tuesday afternoon at an informal tea in honor of Mrs. Thomas.

Next Saturday "Ben Hur" will be the picture shown at the Community Hall. There will be a matinee performance at 2:30 and the price of admission for children will be 15c, and adults 25c. At the evening performance children will be charged 25c and adults 50c.

Last Wednesday evening the members of the Senior Young Men's Club journeyed to Strathmore, where they were delightfully entertained by the Strathmore Young People. The evening was spent in a treasure hunt and progressive games. A dairy ranch was served at midnight.

Jack Merton, the old time rancher from north of town, but whose home is in Calgary, spent a few hours in town last week. Before his visit here Jack had been out of the hospital only a day or so. Alberta's fishing enthusiasts are preparing for the opening of the season on May 16th, when trout fishing will open in the North Saskatchewan and Red Deer rivers and their tributaries and in Cold Lake, and when fishing of perch, pickerel, pike, and goldeyes will also open, being confined to capture where no trout, grayling or Rocky Mountain white fish are found. Fishing for trout in gravelly in Athabasca and its tributaries and in the Bow River and its tributaries north of the international border, does not open till June 15. Residents of the province require angling permits only for those waters frequented by trout, grayling or Rocky Mountain whitefish. The fisheries division warns fishermen to become conversant with the regulations in every respect.

About 200 townships of land in Alberta, ranging from the Calgary district in the south to the Fort Vermilion district in the north, which had previously been closed to settlement, was opened for settlement on May 2. Over 2,000,000 acres of land is now available according to officials of the provincial lands and mines department. The surveyed lands not open to general settlement will be available to entry by settlers residing within the sales; entry in all cases being subject to the provisions of the Provincial Lands Act as to residence in the province.
